# VR5D-E

## ENTRY LEVEL FLATBED UV-LED PRINTER

Our VR5D-E is the most feature rich, entry level 4' x 8' true UV-LED fixed table on the market. Utilizing industry-proven, Ricoh Gen5 print heads, you can expect both quality and speed, up to 12 boards an hour, at an affordable starting price.

GREENGUARD  
CERTIFIED INK

The VR5D-E is field upgradeable, with up to 10 print heads in 2 rows (2x5), for increased production. While pricing is entry level, the VR5D-E is an Industrial printer engineered for worry-free maintenance and ease of operation. High production workflow operating cost is at your fingertips!

The VR5D-E supports CMYK + W + V printing while utilizing 7 pL dots for vivid color output on substrates up to 4" thick. Other features include auto height detection, one-touch pin registration, front-to-back and back-to-front printing and 4 reversible vacuum zones. The end result is a versatile printer that helps you expand your job applications and grows with your business.

# COMPONENTS

## Factory-trained Technicians

We have a team of educated technicians strategically located throughout the country. Our factory-trained team is deployed for installations, service requests, in-field upgrades, periodic maintenance and much more.

## Service Contracts

Select, Co-Pay and Platinum Service Contracts are available to suit business needs based on experience, operations, and your future business goals.

## Training Workshops

The Training Workshops at our Customer Experience Center provide our users with the opportunity to take part in an intimate overview of their printer model with operator, applications and maintenance training – all with a hands-on approach. There are also options for on-site training at your facility.

## The Vanguard Technical Assistance Center (VTAC) offers:

- *Multi-level remote support to maximize customer uptime*
- *Phone support with dedicated, factory-trained service engineers*
- *The right experience levels to handle all cases*
- *Customer Portal, available to all our users, contains:*
  - *Access to over 100 self-help technical bulletins & procedures*
  - *Links for color management and best practices*
  - *Supporting video supplements where possible*
  - *Printer maintenance schedule and continued development to this database*

# THE BEST BUSINESS PARTNER TO INCREASE THE GROWTH OF YOUR BUSINESS

*Product of the Year - 8 Years in a Row!*

Vanguard Digital Printing Systems - A Durst Group Company  
is building a proud history of adapting products to meet their family of clients' needs  
by defining the market through ever evolving innovation technology, quality, and speed.  
We don't force our clients to adapt to our equipment, but rather, we adapt our  
equipment to fit the needs of our clients' unique application.

VAN•GUARD / van•guard / noun:

A group of people leading the way in new developments and ideas.
